There's a better way.

Edmonton city council has de-regulated the infill industry. Infill is happening in

What's good infill?

What's bad infill?

How can we make it better?

your neighborhood, now: 8-plexes on 50-foot lots; skinnies; McMansions; laneway housing; midrises; highrises, and you have virtually no say.

Affordability. Sustainability.

Respect. Beauty. Community. What is there to gain, and what is there to lose?

Better Infill hosts two exceptional thinkers on one panel! Join us for a special discussion.

Ask questions. Moderated by Kevin Taft.
